

PARITOSH SINGH

Full Stack Developer

🏠 Delhi, India — 📞 +91 8429504479 — ✉️ paritoshsingh5102@gmail.com — [in LinkedIn](#) — [GitHub](#) — [Portfolio](#)

Profile Summary

Full Stack Developer skilled in **React.js**, **Node.js**, and the **MERN Stack**, building scalable web applications with responsive UI, secure REST APIs, real-time features, and cloud deployment.

Technical Skills

Languages: JavaScript, TypeScript, Python

Frontend: React.js, Redux Toolkit, Zustand, TanStack Query, React Hook Form, Zod, HTML5, CSS3, Tailwind CSS, Shadcn UI, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Bcrypt.js, Multer

Databases, Tools & Cloud: MongoDB, MongoDB Atlas, Firebase, AWS S3, AWS SDK, Socket.IO, Stripe, ImageKit, Cloudinary, Axios, Mongoose, Git, GitHub, Postman, VS Code, Vercel, Render

Core Concepts: DSA, Authentication & Authorization, RBAC, State Management, API Integration, Pre-signed URLs

Soft Skills: Problem Solving, Communication, Team Collaboration, Attention to Detail

Projects

CloudVault | [GitHub](#) | [Live](#) | *React.js, TypeScript, Node.js, Express.js, MongoDB Atlas, AWS S3*

Jun 2026

- Built a **secure cloud storage platform** in **React** and **TypeScript** with **Zustand** and **TanStack Query**, spanning **4+ core modules** including upload, dashboard, and sharing.
- Engineered a **Node.js/Express/TypeScript REST API** with **15+ endpoints**, integrating **AWS S3** for object storage and **MongoDB Atlas** for metadata persistence.
- Implemented **JWT authentication** with protected route guards and **secure file sharing** via tokenized links with one-click **access revocation**.
- Generated **pre-signed AWS S3 URLs** for secure downloads and built a **responsive** (Shadcn UI) dashboard with dynamic analytics and multi-criteria search/filter/sort.

CollabSpace | [GitHub](#) | [Live](#) | *React.js, Redux Toolkit, Node.js, Express.js, MongoDB, Socket.IO*

Jun 2026

- Designed and built a **responsive collaborative document editor** using **React.js** and **Redux Toolkit**, delivering a polished, intuitive UI across **5+ collaboration workflows** including document creation, sharing, and real-time active-user presence indicators.
- Implemented **real-time bi-directional document sync** using **Socket.IO**, enabling simultaneous multi-session editing with **sub-100ms** update latency across connected clients.
- Built **JWT-based authentication** and **role-based access control (RBAC)** supporting **2 user roles** (Owner and Collaborator) with protected frontend routes and server-side authorization middleware.
- Engineered **15+ REST API endpoints** with Node.js and Express.js for auth, document CRUD, and sharing; deployed on **Vercel, Render, and MongoDB Atlas** for full-stack cloud hosting.

LearnHub | [GitHub](#) | [Live](#) | *React.js, Node.js, Express.js, MongoDB Atlas, Stripe*

May 2026

- Built a **pixel-perfect, fully responsive** Learning Management System UI in **React.js** with **2 dedicated role-based dashboards** (Student and Instructor), featuring intuitive course discovery, enrollment, progress tracking, and content publishing flows.
- Developed **15+ REST API endpoints** using Node.js, Express.js, and MongoDB for course management, enrollment, and user operations with **JWT-secured** protected routes.
- Integrated **Stripe Payment Gateway** for secure course purchases and deployed the full-stack app on **Vercel, Render, and MongoDB Atlas**, enabling **end-to-end cloud** delivery.
- Implemented **Redux Toolkit** for global state management across the React frontend, enabling seamless data flow across **5+ learning workflows** including enrollment and course progress.

Education

Galgotias College of Engineering and Technology

2022 – 2026

Bachelor of Technology in Electronics and Communication Engineering

Greater Noida, Uttar Pradesh

Trainings and Certificates

Coding Ninjas

2025 – Present

Full Stack Web Development

- [Web Development — Front End](#) | [Web Development — React](#) | [Web Development — Back End with Node.js](#)
- [Data Structures & Algorithms — Introduction to Python](#)
